# Training Overview

- Help and Support
- Purchase Card On-line System (PCOLS) Overview
- Enterprise Monitoring and Management of Accounts (EMMA)
- Authorization, Issuance and Maintenance (AIM)
- PCOLS Reporting
- Data Mining  (DM)
- Risk Assessment Dashboard (RAD)

# *PCOLS Overview*

# PCOLS Components

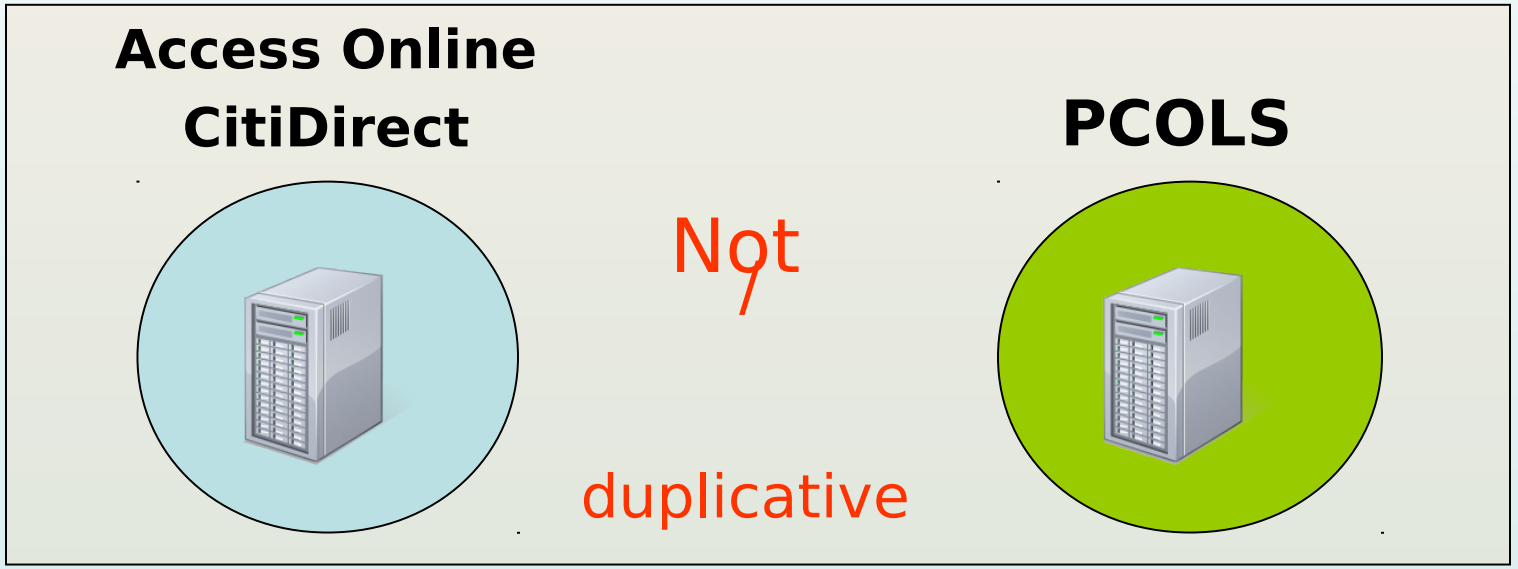
- **Enterprise Monitoring and Management of Accounts (EMMA)**
  - Used to provision users into roles in a hierarchy
  - Based on roles, grants access to the other PCOLS applications
- **Authorization, Issuance and Maintenance (AIM)**
  - System to issue and maintain Managing Accounts (MA) and Cardholder Accounts (CA)
  - Interfaces with the (currently) two banks
  - Store account information
- **PCOLS Reporting**
  - Provides reports based on Purchase Card accounts and users of AIM

# PCOLS Components *(cont'd)*

- **Data Mining (DM)**
  - Developed by third party vendor (FICO)
  - Reviews all transactions of all CAs and scores the transactions based on risk of fraud, misuse, or abuse
  - Flagged transactions are to be reviewed and verified by the A/BO
- **Risk Assessment Dashboard (RAD)**
  - Reports an organization's "health" in the Purchase Card Program
    - *Health is based on risk-indicating controls*

# Banking Systems

- PCOLS does not replace transaction-level, bank-operated systems
  - Access Online and CitiDirect
    - *Will be used before and after PCOLS implementation*
    - *Will provide capability to approve transactions*



PCOLS migrates manual Purchase Card processes to an electronic equivalent

# Pools

- Pools are used to establish a group of individuals provisioned in the same roles in an organization
  - A/OPC and A/BO Supervisor roles – allows all members of the pool to own the same set of actions. For example, any pool member can act on any account associated with the organization.
  - A/BO role – AIM includes all pool members in the list of available A/BOs for an account; however, individual users MUST be assigned as Primary or Alternate A/BO for an account in order for the A/BO to have access to the account.
  - **Cardholders (CH) Supervisor – AIM includes all pool members in the list of available CH Supervisors for an account. An individual must be assigned as the CH Supervisor for an account in order for the CH Supervisor to have access to the account.**
  - Resource Manager – AIM allows all users assigned as an RM or RM Pool member in an organization to act on any account associated with any RM in the organization.

# *Enterprise Monitoring and Management of Accounts*

# Learning Objectives

- EMMA Background
- Defining:
  - Provisioning
  - Roles
  - Purchase Card Program hierarchy
- How to:
  - Redeem Your Token

# Detailed Overview

- Program-wide application
- Captures hierarchies to grant system access to authenticated users
  - The hierarchy incorporates Supervisors into the program
- Uses the Common Access Card (CAC) to link an individual to a role
- Allows A/OPCs to create roles under their own, to complete the hierarchy in an organization
- Other systems, such as AIM, use the roles in EMMA to grant permissions within the applications

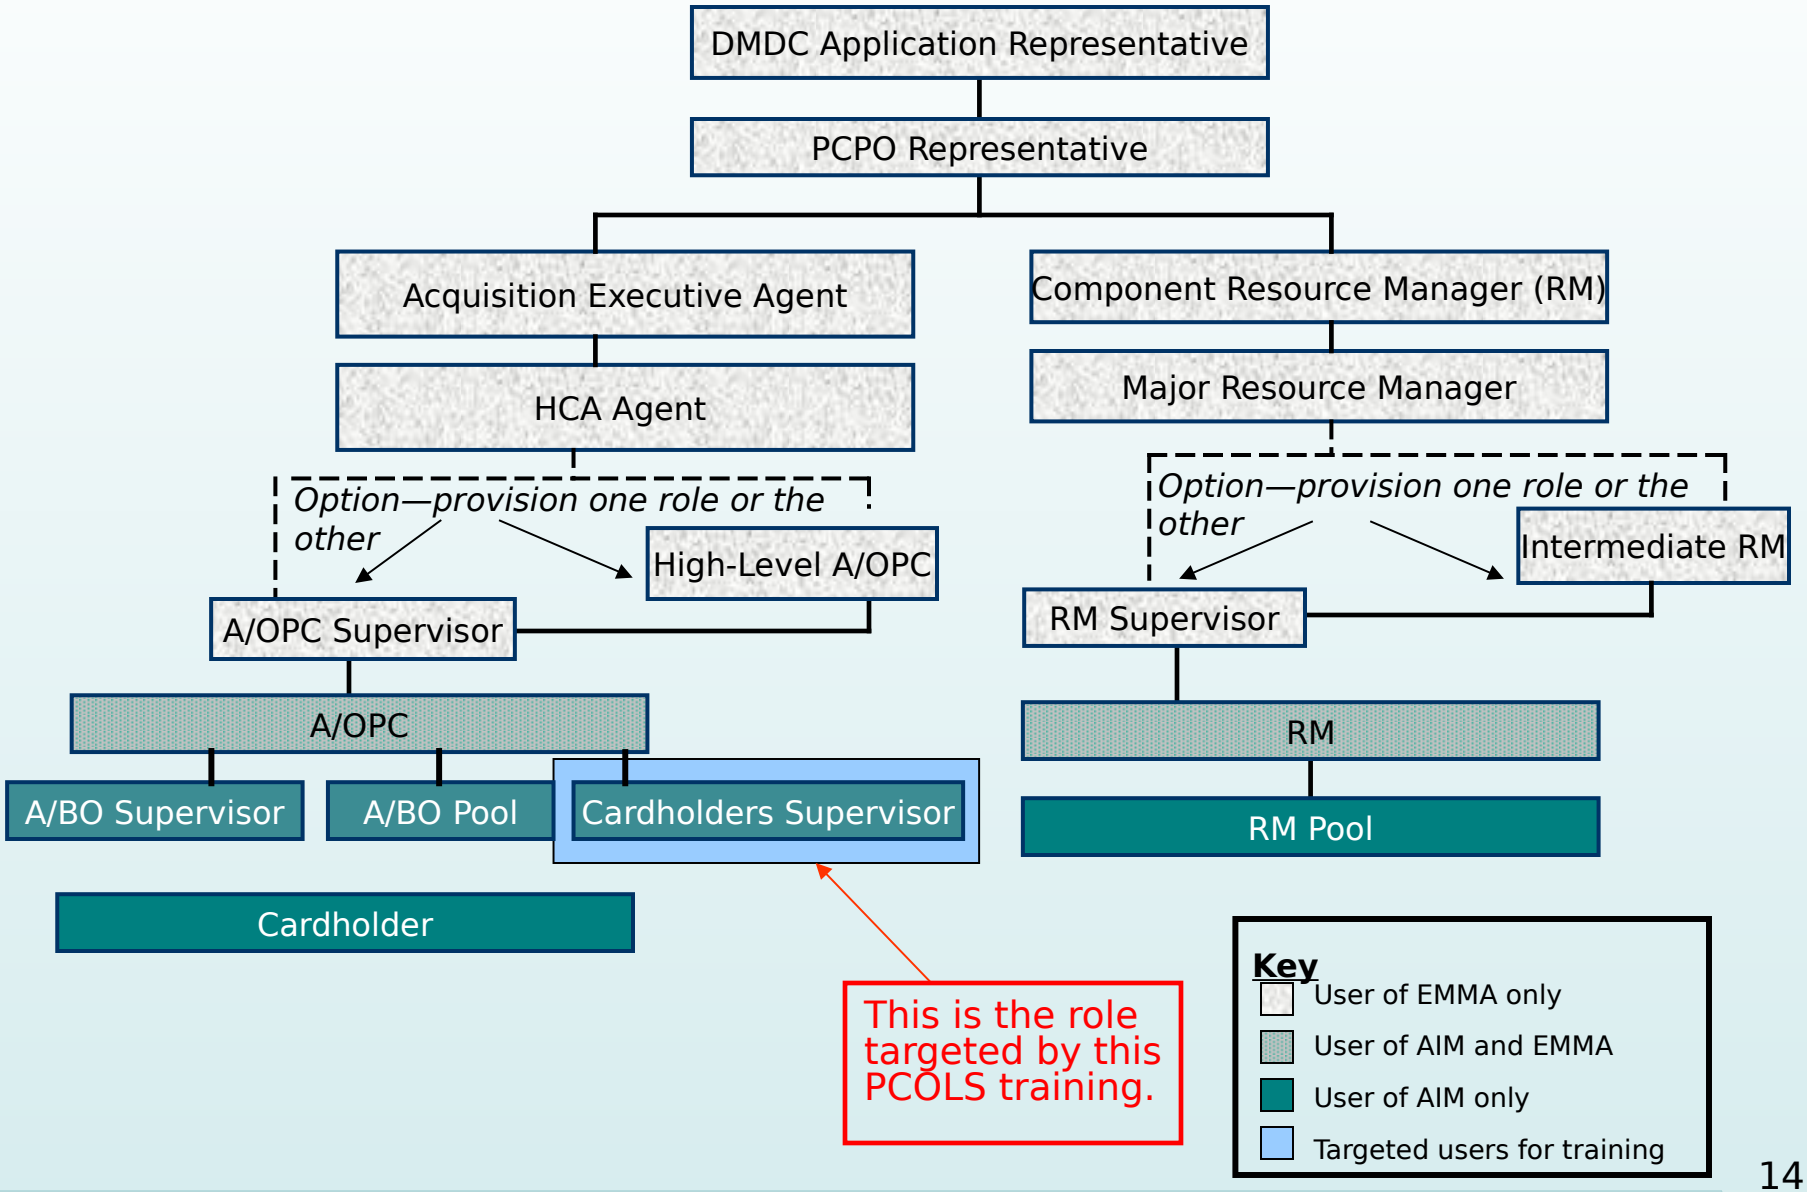
# Provisioning

- Electronic process of documenting the chain of command in the Purchase Card hierarchy
  - Top-down process

- Assigning uniquely identified individuals to specific roles
  - Enhances strategic program management
  - Increases security
  - Allows for improved future risk management

- Provisioning steps (the A/OPC performs all of these steps)
  - Add an Organization
  - Add a Role
  - Assign a User to the Role

# Purchase Card Hierarchy



# Accepting A Position

- In EMMA, The provisioning process has changed
- You will now “Accept Your Position”
- A Position Acceptance will be received and redeemed for each role provisioned
- Once you have accepted your position, your A/OPC will be notified by email
- If you receive a message that an error occurred, contact your A/OPC

## Standard Mandatory DoD Notice and Consent

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only.

By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests - not for your personal benefit or privacy.
- Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

## Acknowledgement Of Responsibilities Of Receiving And Maintaining Privacy Act Data

DATA YOU ARE ABOUT TO ACCESS COULD POTENTIALLY BE PROTECTED BY THE PRIVACY ACT OF 1974. You must:

- Have completed the necessary training with regards to Security Awareness and safe-guarding Personally Identifiable Information.
- Ensure that data is not posted, stored or available in any way for uncontrolled access on any media.
- Ensure that data is protected at all times as required by the Privacy Act of 1974 (5 USC 552a(I)(3)) as amended and other applicable DOD regulatory and statutory authority; data will not be shared with offshore contractors; data from the application, or any information derived from the application, shall not be published, disclosed, released, revealed, shown, sold, rented, leased or loaned to anyone outside of the performance of official duties without prior DMDC approval.
- Delete or destroy data from downloaded reports upon completion of the requirement for their use on individual projects.
- Ensure data will not be used for marketing purposes.
- Ensure distribution of data from a DMDC application is restricted to those with a need-to-know. In no case shall data be shared with persons or entities that do not provide documented proof of a need-to-know.
- Be aware that criminal penalties under section 1106(a) of the Social Security Act (42 USC 1306(a)), including possible imprisonment, may apply with respect to any disclosure of information in the application(s) that is inconsistent with the terms of application access. The user further acknowledges that criminal penalties under the Privacy Act (5 USC 552a (I)(3)) may apply if it is determined that the user has knowingly and willfully obtained access to the application(s) under false pretenses.

# *Authorization, Issuance and Maintenance*

# Learning Objectives

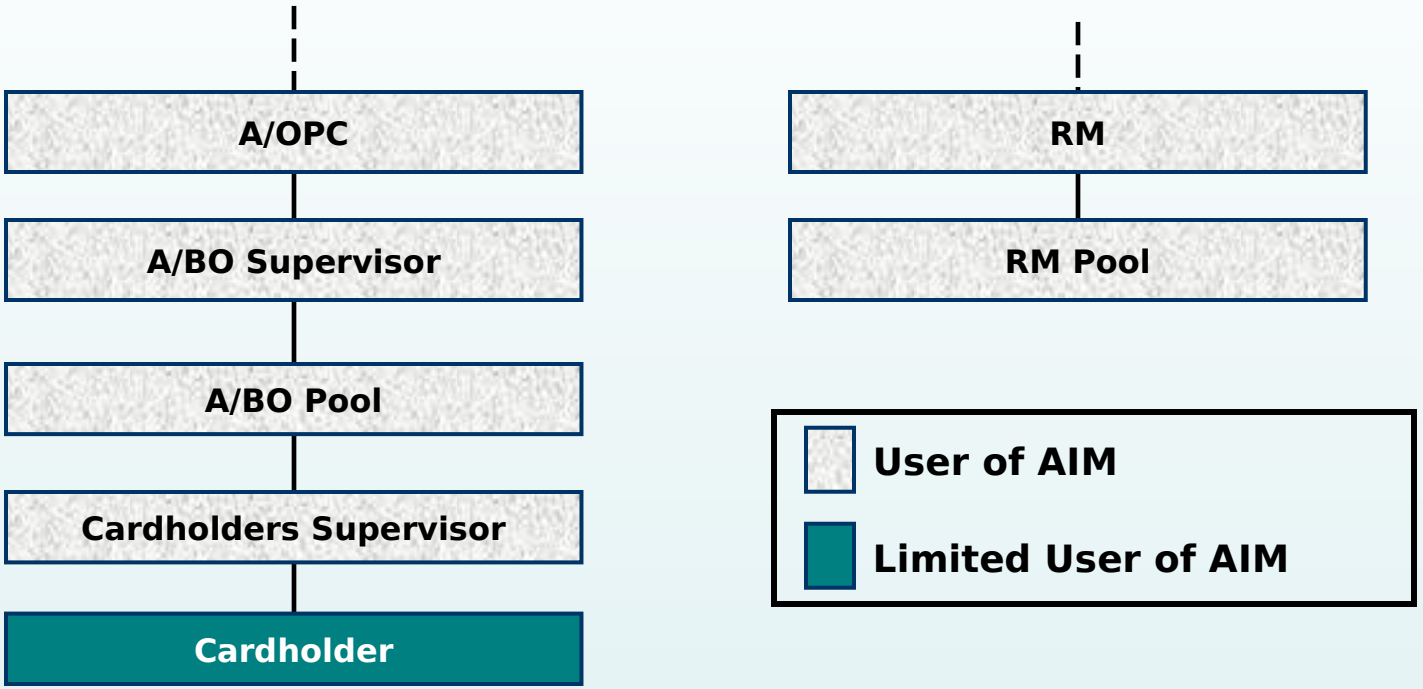
- AIM Background
- Roles and Responsibilities
- How to:
  - Log On
  - Check Your Task Inbox
  - Issue a Cardholder Account

# Detailed Overview

- A workflow tool used to perform various Purchase Card Program account issuance and maintenance functions such as:
  - Updating Purchase Limits
  - Changing Merchant Category Codes (MCCs)
  - Ensuring that ongoing training requirements are met
  - Ensuring that lines of accounting are current

- Draws from hierarchies recorded in EMMA to determine who has responsibility and permission to initiate and approve requests for Account issuance and maintenance
- A live interface with the bank systems allows Account requests to be sent electronically
- Daily feeds from the bank systems allows both systems to be up to date with the current Account information
- Does not replace any existing systems to review and approve card transactions

# Users of AIM



- RM and RM Pool are interchangeable in AIM
- Cardholders access AIM only during the Cardholder Account establishment
  - They must use a token to log into the application

# Roles and Responsibilities - Cardholders Supervisor

- Approve Cardholder requests
  - Only when the issuing A/BO and the CH Supervisor roles **are not** filled by the same individual
- Maintain Cardholder Accounts
  - Conduct periodic reviews to ensure the appropriateness of Cardholder limits

# Selecting a Role

- If you hold multiple roles or are in multiple organizations, select the role that you would like to act upon for this session
